

# European Innovation Partnership on Smart Cities and Communities

## Building a Market for Smart Cities and Communities

### Citizen Focus Action Cluster Meeting

Date: 27 June 2018

Venue: Hotel Marinela, 100 James Bouchier Boulevard  
1407 – Sofia  
xxx floor, room yyy

## AGENDA

---

Since the adoption of the Malmo Declaration, many steps were taken for ameliorating the delivery of public service and several commonalities have been identified between the EIP-SCC Manifesto on Citizen Engagement and the Tallinn Declaration.

For this purpose, the Citizen Focus Action Cluster (AC) has most recently decided to join efforts with the European Commission's DG CONNECT e-Government unit for cross-fertilising the respective citizen centric activities by identifying and working on common synergy ground.

In addition to presenting and discussing coordination with the e-Government & Trust Unit, throughout this AC meeting we will be looking into the state of the art of the Cluster's roadmap and brainstorming around defining the next steps for each of our initiatives.

<b>9:00 – 9:15</b>	<b>Welcome and Introduction</b> <b>Maria Sangiuliano</b> – Smart Venice srl   AC Chair & Initiative Lead <b>Serge Novaretti</b> – European Commission
